Tim Roby is an Enterprise Business Analyst with over ten years of experience as a public sector BA. He received his CBAP in 2017 and has been an IIBA member since 2015. His current role is with the Oregon Department of Administrative Services (DAS), Enterprise Information Services (EIS), Project Portfolio Performance (P3) team. Before this, he was a Lead Transformation Business Analyst for the Oregon DMV core system replacement and modernization project. Before joining DMV he was a BA for the Oregon Health Authority's Behavioral Health Measures and Outcomes Tracking System (MOTS). Prior to State service, he worked for the Bonneville Power Administration in a role that included a number of BA duties.

Tim is an Army Reserve Civil Affairs veteran with linguist skills, one Iraq deployment, one Joint International training mission to Thailand, and a Home-station Family Readiness mobilization under his belt. In 9 years as a Reservist, he served 4.5 years of that on Active Duty orders. He also worked a civilian job within the unit for a few years.

You may have heard Tim's voice or even seen his face once or twice during one of the Business Analyst Networking Group (BANG) Forums as he is the primary MC. He has also spoken at the last couple PMI Willamette Valley annual conferences. Tim is a career BA who is very passionate about advancing the practice of BA in state government and helping *ALL* BAs develop and create meaningful value for their organizations.
